

FGAC truWest Swim Parka Order Form
\$140 (price includes club and name lettering and shipping)

FRONT

BACK

truWest developed the standard waterproof line of swimming parkas specifically for aquatic teams & water sports enthusiasts requiring quality thermal protection. Extensive research & development led us to create the perfect fabric combination. A waterproof nylon shell, and plush synthetic lining. The truProof coating applied to the inside of the parka shell prevents any wind or moisture penetration while the thermally efficient linings work to provide a superior layer of heat retaining insulation. A 100% fully lined hood. Lining extends completely to zipper, cuff, and hem. Triple stitched stress seam construction. Bartack reinforced welt pockets 9 inches deep. Extra long 30 inch YKK two way zipper.
